

# TANNER IT ALL READY BONDS GOOD SUCCESS

## Skagway Secures Contract To Lay Pipe

The contract to dig the ditches and lay the mains for the Skagway municipal water system goes to J. M. Tanner, whose bid was the lowest of the three that were submitted. The bids were as follows:

Nichols & Co., who have the sewerage contract at Haines, for laying 10 inch mains, 60 cents a lineal foot; four inch mains, 85 cents; each gate, \$3, and each hydrant, \$6.

D. Brault, M. McLaren and L. De Witt, 87 cents per lineal foot for all mains, and \$2 extra for each hydrant; no extra charge for the gates.

J. M. Tanner, 74 cents per lineal foot for all mains, to include without extra charge the installation of the hydrants and the gates.

After the bids were received it was decided the center of the piping need not be lower than 6 feet below the grade instead of 8 feet as in the specifications. The bidders were requested to submit modifications of their bids on the basis of the change. Mr. Tanner stood by his original bid, and the change made by the other bidders did not meet that figure.

Tanner's bid provides for the boxing of the pipe on Broadway if it shall be found impossible on account of the water to get down to the specified depth with the drains.

## City Completes Preparations for Water System

The plans for the municipal water system are completed and all the preliminaries have been arranged. All that remains to be done is the work of installation. The system will cost completed, after making liberal allowances for all the expenditures yet to be made, about \$16,000. This will include \$4500 for the material laid down at Skagway, \$350 for a pump, \$400 for connections and fixing around the pump, the spring, the tank, etc.; \$500 for the salary of the superintendent and for the distribution of the pipe and such other items as the city will have to pay, and 74 cents per lineal foot for laying the mains, installing the hydrants, etc.

J. J. Daly, who made the purchase of the pipe and other material at 74 cents per foot for the 10-inch mains, a reduction from 144 cents to 12 cents per foot for the 4-inch mains, and a freight rate of \$1.50 per ton, weight. The Pacific Coast Steamship Company will carry one-half of the freight and the Alaska Steamship Company the other half. In addition to the other reductions, Mr. Daly secured specially made pipe, one-eighth of an inch thicker and wound with two sizes larger wire. It is figured that Mr. Daly saved the city \$700 in addition to his expenses in going to the Sound.

The contracts all call for the completion of the water system by October 15. Elias Rud was engaged at a salary of \$150 per month to oversee the work in the interest of the city, to set the grade stakes, to make a plat of the system for the use of the city, and to generally represent the city during the construction. The material is expected to begin arriving on the next boats.

## City Council Approve Undertakings Of Treasurers

At the regular meeting last night, in addition to receiving the report of the select committee on the water question, the city council passed upon the regular monthly accounts and miscellaneous bills, and ground out a gist of routine matter. The official bonds of H. H. Draper, as city treasurer, in the sum of \$50,000 and of C. B. Haraden, as school treasurer, in the sum of \$5,000, were approved.

The council transferred \$700 from the general fund for the school fund for the school expenses for the month of August. A petition from the Northwest Light & Power Company requesting permission to erect poles on the north end of Main street and asking the city council to indicate where the poles should be erected was referred to the fire and water committee.

The services of the night watchman, W. J. Sinclair, was discontinued and the clerk was instructed to notify him of the action of the council.

A motion was adopted directing that those occupying buildings and shacks on Alaska street between Third avenue and Fifth avenue be notified to vacate the street.

Permission was granted A. Dortero to build a bulge or bow window 22 inches over the street on the property north of Case & Draper's on Broadway and the alley between Fourth avenue and Fifth avenue.

Permission was granted E. J. Liddie to use a portion of the street while rebuilding the Kelly block, and permission was also granted J. A. Nettles to dig up the street at the Kelly block and the Reimert building on Broadway to connect the water system.

The commissioner reported that he fixed the sidewalk on State street between Fifth and Sixth avenues at a cost of \$100 and the amount was charged against the property on the assessment rates.

J. J. Daly was allowed \$115 for the expenses of his trip to Seattle in the interest of the municipal water system. All the members of the council were present except E. J. Shaw and John Kalem.

### Two Good Appointments

Hamilton L. Johnson has been appointed deputy United States marshal at Skagway, vice Johnny Snook, resigned, and W. D. Grant, who resigned the same office at Wrangell to enable him to take a hand in politics with a show of decency not displayed by some other officials, now that the fray, so far as Alaska is concerned, is over, has been reapportioned. Good appointments, both of them; but then come to think of it, Marshal Snook is not accustomed to the making of any other kind.—Ketchikan Journal.

### Band Concert Program

The program for the open air concert that will be given this evening at 7:30 o'clock by the Third Infantry band, as prepared by E. Harvey, chief musician, is as follows:

## It Rained and it Blowed But the Chin Sold

As Daniel of old was led from the mouth of the whale he was heard to exclaim to Job, who still held the champion bull belt: "There is no trouble to sell goods if you sell them cheap enough."

Every day this week both of our show windows will be filled with goods I want to sell and marked in plain figures at a lower price than any merchant can buy them.

You will see new bargains placed in the windows each day to fill the vacant places as the goods disappear. Remember this is to be a week of cut prices, and every article in my store will be cut in price.

### Wedding Was Pretty

Many friends of Miss M. Alaska Young, who formerly resided at Skagway, will be interested in the following account of her wedding, which appeared in the Nome Nugget:

"A very pretty wedding was that celebrated at the Congregational church, when Miss Margaret Alaska Young, daughter of Rev. S. Hall Young, D. D., general superintendent of Presbyterian missions for Alaska, was united in marriage to Mr. Frank E. Kleinschmidt. The ceremony was performed by the bride's father, assisted by Rev. C. E. Ryberg, of the Congregational church. The church was tastefully decorated for the occasion, the ceremony being performed under a beautiful white canopy, in the shape of a tent, on the platform, the work of a number of friends of the bride, under the direction of Mrs. Theo. Allen.

"The body of the church was well filled with friends of the bride and groom. The bridal party entered at 9:30 p. m. to the music of Mendelssohn's wedding march. A charming solo by Mrs. B. T. Dyer preceded the arrival of the bride party. The bridesmaid was Miss Elma Ryberg, while the groom was supported by Mr. Carl Lomen, the ushers being Mr. Sam C. Taylor and Mr. Thomas Matthews. After the simple but beautiful ceremony had been pronounced a reception was given at the Congregational parsonage by Rev. Dr. Young, an elegant lunch being served. About 25 were present.

"Mrs. Kleinschmidt is a native daughter of Alaska, and Mr. Kleinschmidt is a well known mining and business man of this section."

### Miss Burke Goes to Nome

Miss L. A. Burke, formerly of the Fifth Avenue hotel, Skagway, arrived at Seattle from St. Louis, July 24, and was going to Nome on the next trip of the Senator, which was to sail August 1. C. C. Runner is managing the Elk hotel at St. Louis during Miss Burke's absence.

### Will Build New Store

A. Dortero contemplates erecting a new building on his property on the west side of Broadway, between the Case & Draper building and the alley. The building will be a modern structure two stories high.

## GOOD THINGS TO EAT

There will be an entire change in the menu at the Torem saloon tonight. The lunch will begin at 9 o'clock, and will be the best ever offered in the city.

### Fall Goods Display

The samples of goods displayed in Wolland's window this week are samples of the goods ordered for the fall trade. These goods will be here in about three or four weeks. You may select your order from the samples so as to be sure that you are on the ground floor when the stock gets here. Remember also that there is no competition in these goods in Skagway.

### New Music at Pack Train

The Pack Train saloon has just received 50 new records for its excellent phonograph and the largest horn that ever came to Alaska. There will be a grand concert at that place tonight. The latest songs and the latest instrumental selections will be given.
